When the Ambulance Runs

By James Ford
FOUNDER OF OBAMA WEEKEND

Will you run to see who is in it? Will it be a little child? A little baby? Your grandchild? Your mother? Your father? Your sister? Your brother? Your son? Your daughter? Your husband? Your wife? Your cousin? Your aunt or uncle? Your best friend? A neighbor?

Well, it could be, if you are not vaccinated, because you are a carrier and you may have killed them!

Also, some of Detroit's pro active groups say Win With Anthony Adams in November's Mayoral election.

Beware of the CHURCH PIRATE

Who comes like a lamb, but's a wolf in sheep clothing. If your Church have bylaws, they could be placed on the Board of Trustee. The next thing you know, you are being removed, or voted out as Pastor, your ministry is destroyed or taken over. "My advice to you; have an attorney set up a church conditional deed, this will protect your church and ministry." *Rev. Arthur L. McCloud - Lakeland, Florida*

JANUARY 6, 2021

by Dr. John Telford - Detroit

I wrote this poem on 1/6/21 - On this evil and fatal occasion / Of the Capitol Building invasion, / The traitor Trump's collusion / Demands his execution. "Death in the gas chamber is a fitting fate for that miserable, mendacious, narcissistic, neo-Nazi false president who betrayed our democracy." And if you're opposed to the death penalty, let's at least arrest him immediately and incarcerate him permanently in a federal prison." *DPSCD Poet-in-Residence John Telford -- a former DPS Superintendent-- can be reached at (313) 460-8272.*

DENTAL OFFICE GOSSIP

Some ask what happened to the premiums collected by some dental insurance companies during the first two months of the pandemic. People ask because for the first two months of the pandemic dentist weren't allowed to work. (WOW)

Truckers bring you everything. Respect them, treat them good, appreciate them - they are the BACKBONE of the nation .

DETROIT, When you VOTE you WIN.

-Al Martin Hood Research

- You were lied to concerning Proposal N.
- You were lied to concerning Proposal P.
- Your water was shut off making it harder to avoid Hepatitis and Covid19.
- Your public transit was reduced and some of you lost your jobs.
- Some of your relatives, neighbors and friends have left this city.
- Your homes are being flooded with water and raw sewerage.
- Your property is over taxed causing some of you to lose your home and you are lied to when you are told that nothing can be done about it.

NOW WHATCHA GONNA DO DETROIT? VOTE!

Madison Cawthorne

NC watch yourselves. A Mark Meadows protege, is a part of the continuation of the Trumpist cult that is on the verge of destroying this fragile republic, founded on an even more fragile democracy. If you are not amongst the ridiculous 30% as card carrying cult members, do your jobs at the ballot box. This experiment has all but failed completely. This is no longer a race issue. To have democracy undone by 30% with a couple of idiots at the helm is dangerous and autocratic. To quote Bill Clinton where I'm from "we called that arithmetic" However it's contagious. Stop allowances for the destruction of what all CLAIM to cherish most. Let little Maddy learn to pee straight before trying to steer the bus.
