Republicans Hug A Democrat

No matter what race you are, rich or poor, if you voted for Trump be glad he was not reelected. This man is an autocrat which means that he is totally all about himself. Smart people if he tries a new campaign, reevaluate yourself and your associates and start telling our youth about our need to vote and what communism is and all the implications of racism, but the most important thing is to mention is that he is a threat to our freedom and to the democracy of the USA. Republican friends use your common sense be glad that he did not get re-elected because he was about to turn on you his voters and notice a lot of his close supporters are in jail, that's why you should find a democrat and give them a hug for saving your life.

Trump has no morals and he looks like he missed a lot of home training and he might spend a few nights in jail and that may be because of some things he did before and during his tenure in the White House .

Smart republicans hug a democratic and wake up and also by the way be glad your children won't be watching and listening to a disgrace to man and mankind - Smart republicans you know you don't want your children acting like TRUMP! - GOD BLESS ALL THAT VOTED HIM OUT - REAL REAL TALK !

Dear heavenly Father, our maker and creator, as we embark on this new adventure in our lives, we ask of your blessings upon everything that is said and done. We ask that our every thought, and every move we make is filled with your glory. Protect us oh Lord in our every walk of life. For this we give you honor and our sacrifice of praise.

Change Is Good

Theo Broughton

The Hood Research Team

A man once said; "If you change the way you look at things, the things you look at change." The African American community, as well as all other communities can benefit from this quote. How? You may ask. The answer is knowledge of African American accomplishments; i.e. inventions of the traffic light, gas mask, pencil sharpener, blood plasma, and cooking flour, five out of thousands of contributions.. Positive role models such as Kathern Johnson, NASA's genius mathematician, President Barack Obama, and LeBron James foster respect. Don't forget, if you look at Denzel Washington, an academy award recipient for his portrayal of negative characters, and change the way you look at him, you will learn that Denzel Washington is a man to be respected. One example is his sponsoring of "Black Panther's" actor Chadwick Boseman, into stardom.

WHY!

Why do I have to have a different conversation with MY child regarding interaction with police? Why is it that some look at me and they don't believe me to be the HNIC, while my own people call me "IBM" (Imitation Black Man) because I am indeed that guy. I need answers! I already have the answer as to why we need Real Talk as you consider the other queries. - **Big Mike from Jersey**

Working in America

By Dr. Bender

We must work our jobs with an eye towards our future. No owner will ever pay us more than they are making. Have an exit plan. Don't quit your job unless you have another one. Your goal should be to work towards owning your own business. Remember, your job always can replace you...But if you're your own boss, you're irreplaceable.

The Voice Of The Windy City The Truth

The 45th President of the United States possess the spirit of the Antichrist and the mindset of a dictator. 45 bewitched the minds of the people, disregarded the laws of this land and bullied world leaders. 45 inflamed the fans of racism, the evangelical church leaders and insulted the integrity of a just and righteous God by referring to himself as God's chosen one. Even though 45 is a habitual liar and the word of the Almighty declares that a liar will not tarry in his sight. 45 exposed the deep-rooted racism. The hustle, the deception, and brainwashing that elected officials and some of us use to manipulate each other.
