OPPRESSIVE SUPPRESSION

Only use that restroom. Drink from that fountain. You cannot eat here. Sit in the back. Don't go to college. Men, I will have your wives. Women, if I can't have you, I will kill your husbands. Don't you look at that woman boy. Sit in the back. Go fetch this harvest so that me and MY family may eat. Have the audacity to stand and I will bring you to your knees. YOU WILL NOT VOTE. Enough said.
Big Mike - New Jersey

TRUMP IS TREASONOUS!

by Dr. John Telford - Detroit

'A Modern Parallel': Nero played his fiddle; meanwhile most of Rome incinerated.

Trump played on his golf course while America disintegrated! The fascist insurrectionist Trump-- who fomented the attack on our capitol to try to stop Biden from becoming President--remains the worst threat to our democracy since World War II. Gen. George Washington would have had the traitor Benedict Arnold shot if he had caught him. The Rosenbergs were electrocuted. What should Trump's punishment be?

The Voice of The Windy City A BLACK MANS' DREAM

I went to bed and had a dream that I went to my polling place on election day to vote. I found out that I could no longer vote in the United States because my local elected official Had Changed The Rules. I was driving home from the polls and I was stopped by the police. I was shot in the back just for being a black man, I woke up from my dream and said this cannot be, I live in the United States of America. I heard a voice that said that was then and this is now, a new day in the United States. I asked myself, what? Is this real? What is this world coming to, "IS THIS AMERICA?"

HANG YOUR HEAD -

You Ought To Be Ashamed

I care about you, whether you are Red, Blue or Green. But I still have to be candid. This Delta Variant is killing young, old and babies now. You have hate filled people on social media spreading hate, and selling products that have not been approved to kill the virus. This vaccine has been put together by hundreds of scientists around the world. Frankly speaking, how could they plot to kill anybody? We must admit, science has advanced so rapidly, that this is why the vaccine was created so fast. This New Delta Variant is more deadly than the first, you will see people dying around you. My friends, if infected you will have 14 days quarantined in the hospital, starving, gasping for breath and no visitors, a cold room and tubes in your throat, and a struggle that might lead to death.

You might deserve this, because you are killing babies and others by spreading the virus, and not taking the vaccine. Remember, HANG YOUR HEAD

YOU SHOULD HAVE LISTENED!

Prayer: Lord we pray for President Biden, bless him to be successful in the things he's trying to accomplish. Amen - ARTHUR AND LEATHA MCCLOUD-LAKELAND FL

"Daddy changed the world",

is the very truthful statement of six year old Gianna, daughter of Mr. George Perry Floyd, Jr.

The video recorded murder of Mr. Floyd reveals an unnecessary, cowardly, horrific and criminal act. However, it gave rise to positive change in our system of jurisprudence. The foundation of our jurisprudence is accountability and justice. Unfortunately, some of the decisions in our system of jurisprudence are not based on these foundational principles. The behavior of some law enforcement personnel when interacting with Black Americans comes to mind, such is the case of Mr. George Floyd. Mr. Floyd was alleged to have passed a counterfeit 20 dollar bill in a neighborhood store and the Minneapolis, Minnesota, police department was called. Police officer Derek Chauvin and other officers responded to the call. Officer Chauvin discussed the issue with Mr. Floyd and decided to detain him. During the process of detaining this unarmed, compliant and non-threatening Black man, officer Chauvin interrupted Mr. Floyd's breathing process and he stopped breathing and the life left his body. Historically, when law enforcement officers killed unarmed Black people, the officers cited their fear for their lives as the reason for their violent, life-terminating behavior and actions. The overwhelming vast majority of these officers have been and continue to be acquitted of any wrongdoing. Mr. George Floyd's case is a departure from the historical norm. The verdicts in Mr. Floyd's case were based on the foundational principles of transparency, accountability and justice. Officer Chauvin was found guilty of murdering Mr. George Floyd and is awaiting his sentencing. This departure from the historical norm has established a precedent and a new and improved norm. A norm based on the thorough and objective analysis of all of the evidence; accountability; and, most importantly, justice. This new and improved norm must be applied in all cases with no exceptions. **YES, GIANNA, YOUR DADDY CHANGED OUR WORLD.**
